

We Couldn't Do It Without You!

Thank You Volunteers!

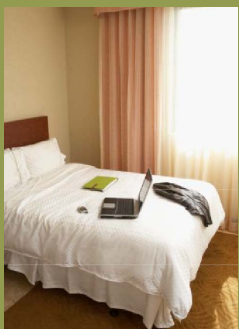

Throughout the year hundreds of volunteers play a leading role in the success of Drayton Entertainment by contributing their time, talent and enthusiasm to our Board of Directors, as Adult and Youth Ushers at each venue, and as dedicated members of the Friends of the *Drayton Festival Theatre* and the *Huron Country Playhouse Guild*. Drayton Entertainment gratefully acknowledges the contribution and commitment of our extended family of volunteers!

How to Become a Volunteer...

We are always looking for friendly, out-going and reliable volunteers to help out in a variety of exciting ways. Our volunteers provide another level of customer service by supporting our staff at special events, fundraisers and opening nights. They welcome our patrons as greeters, help you find your seat in the theatre, provide backstage tours and take pleasure in assisting with gardening and beautification projects.

Opportunities are available for participants of all ages. To become a Drayton Entertainment Volunteer, please contact your local theatre.

Rooms For Rent?

Drayton Entertainment also needs your help to house the many performers, musicians, directors, stage managers and production crew who will be working at each of our six theatres during the production season.

This is a great opportunity to earn some extra money if you have a spare room in your home, while making new friendships. The average room rate is \$75.00 per week however certain amenities must be included, such as access to cooking and washroom facilities.

If your home is within walking distance or a short drive to the theatre, give us a call for more information.
