

UPLOADING YOUR SUBMISSION TO YOUTUBE AS AN UNLISTED VIDEO

YouTube is a free video hosting platform where users share video content.

1. Please go to YouTube and create an account for yourself if you don't already have one.
2. Upload your submission videos to your "channel" and select UNLISTED as the privacy setting.
3. Place the URLs of your submission video in the allotted space on the submission form.

What is an unlisted video?

An unlisted video is a different type of private video. Unlisted means that only people who know the link to the video can view it. An unlisted video will not appear in any of YouTube's public spaces, like your channel, search results, or the homepage. You can choose to make changes to the privacy settings of any of your videos at any time.

I'm unable to create an unlisted video. Help!

Your YouTube account must be in good standing to have access to create unlisted videos. If you don't see the option to make your video unlisted in your account settings, it could be that your YouTube Account is not in good standing and has a Terms of Service violation or a strike for copyright infringement. Check your account standing on the settings page.
